USER/INSTALLER RESPONSIBILITY

It is important to understand that the existence of this Document does not authorize the user/installer authority to install the
part/component/assembly.

Where the user/installer work in accordance with the national regulations of an Airworthiness Authority different than the
Airworthiness Authority of the country specified in block 1 it is essential that the user/installer ensure that his/her Airworthiness
Authority accepts parts/components/assemblies from the Airworthiness Authority of the country specified in block 1.

Statements in block 14 and 19 do not constitute installation certification. In all cases aircraft maintenance records must contain an
installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.
