Certifies the Items Identified above were manufactured in conformity to: ☒ Approved design data and are in a condition for safe operation. ☐ Non-approved design data specified in Block 13.				19. ☐ 14 CFR 43.9 Return to Service Certifies that unless otherwise specified in Block 13, the part/component/assembly was manufactured and described in Block 13 was acceptable for use in accordance with the applicable Federal Regulations, part 43 and 101, and is approved for return to service.			
15. Authorized Signature: <i>Randy R Malcolm</i>		16. Approval/Authorization No.: ODA-230339-CE		20. Authorized Signature:		21. Date (m/d/y):	
17. Name (Typed or Printed): Randy Malcolm		18. Date (m/d/y): JAN/27/2014		22. Name (Typed or Printed):		23. Date (m/d/y):	
User/Installer Responsibilities							
It is important to understand that the existence of this document alone does not automatically constitute authority to install the part/component/assembly. Where the user/installer performs work in accordance with the national regulations of an airworthiness authority different than the airworthiness authority of the country specified in Block 1, it is essential that the user/installer ensures that his/her airworthiness authority accepts parts/components/assemblies from the airworthiness authority of the country specified in Block 1. Statements in Blocks 14 and 19 do not constitute installation certification. In all cases, aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.							

FAA Form 8130-3 (6-01)

*Installer must cross-check eligibility with applicable technical data.
