: 1 : EA	User/Installer Responsibilities  It is important to understand that the existence of this document alone does not automatically constitute authority to install the part/component/assembly. Where the user/installer performs work in accordance with the national regulations of an airworthiness authority different than the airworthiness authority of the specified in Block 1, it is essential that the user/installer ensures that his/her airworthiness authority accepts parts/components/assemblies from the airworthine authority of the country specified in Block 1  Statements in Blocks 14 and 19 do not constitute installation certification. In all cases, aircraft maintenance records must contain an installation certification is accordance with the national regulations by the user/installer before the aircraft may be flown.			
	FAA Form 8130-3 (6-01) Installer must cr	oss-check eligibility with applicabl	e technical data.	NSN: 0052-00-012-9005
